PROJECTS

ChatterBox

02/2025 - 04/2025

Social Network Platform

Personal Project

- Developed a **social media web application** that includes **secure user login**, **customizable profiles**, content posting, and a **timed "stories" feature** that automatically expires posts after a set period.
- The application incorporates **background processing** to manage story lifecycles and provides a **clean, responsive user interface** for an engaging experience.
- Tech: **C#, ASP.NET Core MVC**, EF Core, Identity, SQL Server, BackgroundService, Tailwind CSS, Razor Views, JavaScript.

https://github.com/Kalin1603/ChatterBox

E-Movie

01/2025 - 02/2025

.NET full-stack application

Personal Project

- Developed a **full-stack e-commerce web application** as a personal project to offer a comprehensive online shopping experience.
- The application features **secure authentication**, a **shopping cart**, and **efficient order processing**, all presented through an **intuitive user interface**.
- Tech: **C#, ASP.NET Core MVC**, EF Core, Identity, SQL Server, Bootstrap 5, Repository Pattern, Service Layer.

Event Management

12/2024 - 01/2025

Leet Soft

University project

- I **led the development of an interactive event management platform** as a key member of a **three-person team**. Our primary objectives were to **improve event scheduling**, enable **secure registrations**, provide **real-time updates**, and implement **automated notifications**. I was responsible for designing the **core project architecture** and developing a **robust user authentication system** to ensure **reliability and security**.
- Tech: **C#, ASP.NET Core MVC**, EF Core, SQL Server, HTML, CSS, JavaScript.

EDUCATION

Bachelor - Informatics

09/2022 - Present

Paisii Hilendarski University of Plovdiv

Application Programmer

10/2019 - 06/2022

SoftUni Foundation

- Introduction to Programming
- Introduction to Object-Oriented Programming
- Introduction to Data Structures & Algorithms
- Programming
- Object-Oriented Programming
- Databases (MySQL)
- Software development
- Introduction to Operating Systems and Embedded Systems
- Data Structures & Algorithms
- Functional programming
- Web Programming
- Software engineering

Secondary School Diploma

09/2017 - 05/2022

Vasil Levski Secondary School

SUMMARY

Driven and goal-oriented, I thrive on embracing new challenges and stepping out of my comfort zone. Meeting new people and exchanging ideas energizes me because I believe the best solutions often arise from diverse perspectives and experiences. **Always eager to learn and grow**, I am motivated by the excitement of what lies ahead.

SKILLS

Back-end

C#, ASP.NET Core MVC, Entity Framework Core, Relational Databases (SQL Server, MySQL, SSMS), Java

Front-end

HTML, CSS, JavaScript, Bootstrap 5, Tailwind CSS

AI

AI Tool Proficiency, Prompt Engineering, AI-Assisted Development (Code Generation, Debugging, Documentation), Content Generation & Summarization, Enhanced Problem Solving, Workflow Integration.

Tools & Others

Git, GitHub, GitLab
